

# ERC news and views

IDIBAPS will host an infoday on the upcoming 2025 European Research Council (ERC) calls. At the event, Leticia Riaza, ERC National Contact Point (NCP), will summarize the main features of ERC calls together with news regarding the 2025 work programme. She will also discuss how health-related projects may fit into the programme.

Finally, during an interactive round table, three ERC grantees and evaluators will share their experience and discuss key success factors and pitfalls to avoid. Interested people may request bilateral meetings with the NCP (11-13h) by filling in the following [form](#).
