

Fundació de Recerca Clínic Barcelona-Institut d'Investigacions Biomèdiques August Pi i Sunyer (FRCB-IDIBAPS)

R2A-Postdoctoral Researcher (G1-Investigadors) (FU-198-2024)

Fundació de Recerca Clínic Barcelona - Institut d'Investigacions Biomèdiques August Pi i Sunyer (IDIBAPS) is a leading biomedical research center located at the Clínic Campus in Barcelona, known for its strong international presence. At IDIBAPS, you will join a vibrant research community of over 2,000 professionals and about 100 multidisciplinary groups conducting groundbreaking research. Each year, our teams publish more than 1,500 original articles, placing us at the forefront of biomedical research in Spain. We manage over 1,100 competitive projects, with more than 220 receiving international funding.

HR EXCELLENCE IN RESEARCH

The Clínic Campus offers an exceptional environment for research and innovation, featuring the Hospital Clínic of Barcelona, a top-tier hospital dedicated to comprehensive healthcare, research, and education across almost all medical and surgical specialties. The campus also includes the Faculty of Medicine and Health Sciences of the University of Barcelona, established in 1843, and recognized as one of the most prestigious health faculties in Spain and globally.

IDIBAPS has been accredited with the [HR Excellence in Research](#) by the European Commission since 2015, renewing commitments and actions to advance the alignment of our human resources policies with the 40 principles of the Charter and Code, based on a personalised action plan/HR strategy.

At IDIBAPS, nearly 100 clinical research groups work closely with laboratory scientists to drive original, translational, and multidisciplinary research. Our collaborative approach aims to solve significant biological and clinical challenges that impact human health.

We are proud to have been accredited with the HR Excellence in Research by the European Commission since 2015. This accreditation reflects our commitment to aligning our human resources policies with the 40 principles of the Charter and Code, guided by a personalized HR strategy and action plan.

IDIBAPS is a CERCA center and accredited as a health research institute by the Instituto de Salud Carlos III (ISCIII).

We are looking for a R2A-Postdoctoral Researcher to join:

- The *“Translational Research in Liver Cancer”* research line.
- In the research project *“Neoadjuvant-adjuvant immunotherapy and cancer vaccines to improve survival in hepatocellular carcinoma”*.
- At the *“Recerca Translacional en Oncologia Hepàtica”* research group.

Job Description

- **Responsibilities**

- The Translational Research in Hepatic Oncology Laboratory at IDIBAPS-Hospital Clínic, University of Barcelona is seeking for a motivated individual for the position of MD/Postdoctoral Research Fellow.
- The main goal of our laboratory is to unravel the molecular determinants of liver cancer, identify novel treatments for HCC patients and discover predictors of response to molecular and immune therapies. We lead an international consortium devoted to liver cancer research, as well as a Spanish Consortium devoted to increase HCC survival in patients at early stage, we have produced important contributions in the field during the last years. Our research is focused around the generation and analysis of high-throughput genomic data and State-of-the-art disease models.
- The candidate will be involved in an innovative and ambitious randomized Phase II trial aiming at improving RFS by combining neoadjuvant + adjuvant atezo+bev.
- PERFIL PROFESSIONAL: Coordinador Científic del programa Retos 70% AECC-ASPIRE.

- **Required Education Level:** MD, PhD (Research in Translational Medicine).
- **Master/PhD:** Master in Clinical Research - Liver Diseases.

- **Experience**
 - The candidate should have an MD in Hepatology or internal medicine and a PhD in Translational Medicine. He/she will be contracted full time, under the direct supervision of the coordinator of the project - Prof. JM Llovet.
 - The candidate should have clinical and research experience in the field of hepatology and specifically the management of liver cancer in patients at early stages.
 - The candidate should have papers as first author as well as corresponding author.
 - **Knowledge**
 - English minimum B1.
 - **What we offer**
 - **Contract:** Indefinite scientific-technical contract.
 - **Workday:** Full time (37,5 hs/week).
 - **Continuous training provided by the company.**
 - **Working conditions:** 22 vacation days + 6 personal days, 16 available hours, flexible schedule, and flexible remuneration program (medical insurance, transportation, meal vouchers, etc.).
 - **Be part of a dynamic work environment:** we are a team with proven experience, a good working atmosphere, and we collectively value ideas and strategies, and prioritises work-life balance life.
