

# Functional technician at the Academic Coordination office.

Code: FU-177/2025

## About the institution

The Barcelona Clinical Research Foundation-August Pi i Sunyer Biomedical Research Institute (IDIBAPS) is a biomedical research centre of excellence, located on the Barcelona Clinic Campus and with a clear international focus.

The IDIBAPS research community includes over 2,000 professionals and a hundred multidisciplinary groups that carry out high-impact translational research aimed at addressing biological and clinical questions relevant to human health, as evidenced by the more than 1,500 original articles published each year that make the institution one of the main biomedical research centres in Spain.

The Clínic Campus offers a high-level research and innovation environment, which includes the Hospital Clínic of Barcelona, a referral hospital committed to care, research and teaching, which covers practically all medical and surgical specialties, plus the University of Barcelona's Faculty of Medicine and Health Sciences. The latter dates from 1843 and is today one of the most prestigious health sciences faculties in Spain and worldwide.

Since 2015, IDIBAPS has had [HR Excellence in Research](#) accreditation from the European Commission. It is a CERCA centre and is accredited as a Health Research Institute by the Carlos III Health Institute (ISCIII).

## Job description

The new member of the Academic Coordination Office will manage the European Union's DYNAMIS Marie Curie Slodowska Curie COFUND initiative "IDIBAPS Doctoral programme Yielding Novel Advancements in Medicine and Innovative Solutions":

- It is a program to recruit worldwide 10 excellent junior translational researchers to carry out original PhD research projects. The recruitment will be made through two open, merit-based international competitive calls.
- The 10 DYNAMIS Doctoral Candidates recruited will benefit from high-quality supervision and opportunities to advance their career at the forefront of medicine and science. All their research advancements will help improving prevention, diagnosis and treatment of most common diseases in our society.

This person will have to ensure a coherent integration of DYNAMIS initiative in the current activity of the Institute:

- This talent program will have to be aligned with the IDIBAPS International PhD programme.
- The DYNAMIS Doctoral candidates are expected to become active members of the IDIBAPS PhD community.
- DYNAMIS Doctoral Candidates will receive a unique training offer, including ad-hoc doctoral schools among others, complementary to the rest of training activities provided by the institute.

## Required qualifications and/or experience

- Bachelor's degree in health sciences or similar.
- Experience in research, preferred to have a PhD degree.
