

Tècnic/a de laboratori (G3) at the “Tumor Microenvironment Plasticity and Heterogeneity” group

Code: FU-296/2025

About the institution

The Barcelona Clinical Research Foundation-August Pi i Sunyer Biomedical Research Institute (IDIBAPS) is a biomedical research centre of excellence, located on the Barcelona Clinic Campus and with a clear international focus.

The IDIBAPS research community includes over 2,000 professionals and a hundred multidisciplinary groups that carry out high-impact translational research aimed at addressing biological and clinical questions relevant to human health, as evidenced by the more than 1,500 original articles published each year that make the institution one of the main biomedical research centres in Spain.

The Clínic Campus offers a high-level research and innovation environment, which includes the Hospital Clínic of Barcelona, a referral hospital committed to care, research and teaching, which covers practically all medical and surgical specialties, plus the University of Barcelona’s Faculty of Medicine and Health Sciences. The latter dates from 1843 and is today one of the most prestigious health sciences faculties in Spain and worldwide.

Since 2015, IDIBAPS has had [HR Excellence in Research](#) accreditation from the European Commission. It is a CERCA centre and is accredited as a Health Research Institute by the Carlos III Health Institute (ISCIII).

Job description

We are a dynamic and collaborative research laboratory seeking a motivated and passionate technician with a strong background in life sciences. The successful candidate will contribute to both in vitro and in vivo experimental work, supporting ongoing projects focused on liver cancer.

Key Responsibilities:

- Perform cell culture using primary cells and established cell lines.
- Conduct molecular biology techniques including DNA/RNA extraction, PCR, and Western blotting.
- Assist in the development and maintenance of experimental models of liver tumors.
- Collaborate closely with researchers to support project goals and ensure high-quality data generation.

Preferred Qualifications:

- Hands-on experience with liver cancer models.
- Proficiency in cell culture and molecular biology techniques.
- Strong organizational and communication skills.
- Ability to work independently and as part of a team.

Required qualifications

- Spanish FPII – CFGM – CFGS.

Experience and knowledge

- Laboratory animals handling, mice colonies maintenance, genotyping, orders, support to research groups, preparation of culture media, cell culture, molecular biology, omics.
- Catalan, Español, English.

IDIBAPS offers

- **Type of contract:** Indefinite contract for scientific-technical activities.
- **Working hours:** Full time (37.5 hours / week).
- **Line of research:** Cancer Stem Cells in intrahepatic cholangiocarcinoma.
- **Project:** DeCAF-TIME: Deplecionar, deleccionar, y desactivar: estrategias para manipular los fibroblastos asociados al cancer y modelar el microambiente inmunitario tumoral en el colangiocarcinoma.
- **Funder and official project code:** *Proyectos de Generación de Conocimiento 2024* supported by MICIU/AEI/10.13039/501100011033 and FSE+ - PID2024-160007OB-I00
- **Incorporation into IDIBAPS:** A research centre of excellence in the city of Barcelona. Excellent research results and competitive project grant awards, both national and international.

- Long-life training offered by the institute.
- **Working conditions:** Holiday entitlement of 22 days + 6 days for personal affairs, flexible working hours and flexible remuneration (health insurance, transport, meal vouchers, training).
- **The chance to form part of a dynamic work environment:** We are a team with a wealth of experience that jointly evaluates ideas and strategies and promotes a healthy work-life balance.

Applications

- **Presentation letter:** explicitly mentioning the call reference and explaining the candidate's personal reasons for applying.
- **Curriculum Vitae:** including a list of publications, where applicable.
- **Documentation accrediting** the credentials set out and the required qualifications.
- **Obligatory:** the duly signed Authorisation relating to EU Regulation 2016/679 on the protection of personal data (*attached document, page 4*) must be attached to the application.

Submission and deadline

- Candidates shall submit their applications, indicating the call reference for the position for which they are applying, by email to the address: FCRBRRHH@recerca.clinic.cat
- Deadline: From the publication of this call until October 23, 2025

The employment contract will be in accordance with the provisions of Legislative Decree 1/1995, of 24 March, approving the text of the Workers' Statute Law, of Law 14/2011, of 1 June, on science, technology and innovation in accordance with the provisions of Art. 2 of Royal Decree 2720/98, of 18 December (BOE of 8 January 1999), Law 12/2001, of 9 July (BOE of 10 July) and concordant provisions.

The principle of equal treatment between men and women fundamental, in accordance with Article 14 of the Spanish Constitution, the European Community Directive of 9 February 1976, and the provisions of the Agreement of the Council of Ministers of 4 March 2005, approving the Plan for Gender Equality in the General State Administration.

The universal accessibility of people with disabilities is fundamental according to section 2 of Article 1 of Law 51/2003, of 2 December, on equal opportunities, and 5% of vacancies are reserved as long as candidates pass the selection processes and accredit their disability and compatibility with the tasks to be carried out, so that we progressively reach 2% of the total workforce.

The gross annual remuneration relating to the position that is the subject of this call will be established based on each candidate's experience and aptitudes.
