

Tècnic/a de laboratori (G3) at the Molecular Pathology of Lymphoid Neoplasms Group.

Code: FU-336/2025

About the institution

The Barcelona Clinical Research Foundation-August Pi i Sunyer Biomedical Research Institute (IDIBAPS) is a biomedical research centre of excellence, located on the Barcelona Clinic Campus and with a clear international focus.

The IDIBAPS research community includes over 2,000 professionals and a hundred multidisciplinary groups that carry out high-impact translational research aimed at addressing biological and clinical questions relevant to human health, as evidenced by the more than 1,500 original articles published each year that make the institution one of the main biomedical research centres in Spain.

The Clínic Campus offers a high-level research and innovation environment, which includes the Hospital Clínic of Barcelona, a referral hospital committed to care, research and teaching, which covers practically all medical and surgical specialties, plus the University of Barcelona's Faculty of Medicine and Health Sciences. The latter dates from 1843 and is today one of the most prestigious health sciences faculties in Spain and worldwide.

Since 2015, IDIBAPS has had [HR Excellence in Research](#) accreditation from the European Commission. It is a CERCA centre and is accredited as a Health Research Institute by the Carlos III Health Institute (ISCIII).

Job description

The Molecular Pathology of Lymphoid Neoplasms Group led by Elías Campo is a strong interdisciplinary research team focused on the study of lymphoid neoplasms. The group is interested in understanding the genetic, epigenetic, and molecular mechanisms underlying the biological diversity of these tumors and how they may influence the different clinical evolution of the study candidates. The group has contributed significantly to the knowledge of these tumors and it is an international reference for these diseases.

The group is looking for a highly motivated laboratory technician in pathology and cytology. The selected candidate will work in a project to investigate “Tumor cell and microenvironment drivers of evolutionary trajectories of mantle cell lymphoma and resistance to novel therapies”

Required qualifications

- Laboratory Technician in pathology and cytology or similar/equivalent.

Experience and knowledge

- Frozen (OCT) and formalin-fixed paraffin-embedded (FFPE) sample processing, microtome cutting, tissue microarray and nucleic acid isolation.
- Management of FFPE blocks and OCT material.
- Staining samples with HE, Giemsa, IHQ, PAS and A-PAS and FISH.
- Basic microscopy
- Cell culture of lymphoid cells and cell lines.
- Processing of samples from peripheral blood, saliva, urine or plasma.
- Cryopreservation of lymphoid cells.
- Immunomagnetic separation of cell populations.
- Cell cytometry techniques.
- Molecular and cellular biology basic techniques, including extraction and handling of nucleic acids.
- Quality control of DNA and RNA.
- Informatic applications for biobanc management, laboratory management.
- Molecular cytogenetic techniques: karyotype and FISH in fixed cells and FFPE material.

IDIBAPS offers

- **Type of contract:** Indefinite contract for scientific-technical activities.
- **Working hours:** Full time (37.5 hours / week).
- **Line of research:** Molecular pathology of B-cell neoplasms.
- **Project:** Tumor cell and microenvironment drivers of evolutionary trajectories of mantle cell lymphoma and resistance to novel therapies.
- **Funder and official project code:** Ministerio de Ciencia, Innovación y Universidades (MICIU), la Agencia Estatal de Investigación (AEI)(DOI: 10.13039/501100011033) y FEDER, UE - PID2024-155962OB-I00.

- **Incorporation into IDIBAPS:** A research centre of excellence in the city of Barcelona. Excellent research results and competitive project grant awards, both national and international.
- Long-life training offered by the institute.
- **Working conditions:** Holiday entitlement of 22 days + 6 days for personal affairs, flexible working hours and flexible remuneration (health insurance, transport, meal vouchers, training).
- **The chance to form part of a dynamic work environment:** We are a team with a wealth of experience that jointly evaluates ideas and strategies and promotes a healthy work-life balance.

Applications

- **Presentation letter:** explicitly mentioning the call reference and explaining the candidate's personal reasons for applying.
- **Curriculum Vitae:** including a list of publications, where applicable.
- **Documentation accrediting** the credentials set out and the required qualifications.
- **Obligatory:** the duly signed Authorisation relating to EU Regulation 2016/679 on the protection of personal data (*attached document, page 5*) must be attached to the application.

Submission and deadline

- Candidates shall submit their applications, indicating the call reference for the position for which they are applying, by email to the address: FCRBRRHH@recerca.clinic.cat
- **Deadline:** From the publication of this call until November 24, 2025.

The employment contract will be in accordance with the provisions of Legislative Decree 1/1995, of 24 March, approving the text of the Workers' Statute Law, of Law 14/2011, of 1 June, on science, technology and innovation in accordance with the provisions of Art. 2 of Royal Decree 2720/98, of 18 December (BOE of 8 January 1999), Law 12/2001, of 9 July (BOE of 10 July) and concordant provisions.

The principle of equal treatment between men and women fundamental, in accordance with Article 14 of the Spanish Constitution, the European Community Directive of 9 February 1976, and the provisions of the Agreement of the Council of Ministers of 4 March 2005, approving the Plan for Gender Equality in the General State Administration.

The universal accessibility of people with disabilities is fundamental according to section 2 of Article 1 of Law 51/2003, of 2 December, on equal opportunities, and 5% of vacancies are reserved as long as candidates pass the selection processes and accredit their disability and compatibility with the tasks to be carried out, so that we progressively reach 2% of the total workforce.

The gross annual remuneration relating to the position that is the subject of this call will be

established based on each candidate's experience and aptitudes.
