

## R2A-Postdoctoral Researcher (G1) at the Translational genomics and targeted therapies in solid tumors group.

Code: FU-65/2026

### About the institution

The Barcelona Clinical Research Foundation-August Pi i Sunyer Biomedical Research Institute (IDIBAPS) is a biomedical research centre of excellence, located on the Barcelona Clinic Campus and with a clear international focus.

The IDIBAPS research community includes over 2,000 professionals and a hundred multidisciplinary groups that carry out high-impact translational research aimed at addressing biological and clinical questions relevant to human health, as evidenced by the more than 1,500 original articles published each year that make the institution one of the main biomedical research centres in Spain.

The Clínic Campus offers a high-level research and innovation environment, which includes the Hospital Clínic of Barcelona, a referral hospital committed to care, research and teaching, which covers practically all medical and surgical specialties, plus the University of Barcelona's Faculty of Medicine and Health Sciences. The latter dates from 1843 and is today one of the most prestigious health sciences faculties in Spain and worldwide.

Since 2015, IDIBAPS has had [HR Excellence in Research](#) accreditation from the European Commission. It is a CERCA centre and is accredited as a Health Research Institute by the Carlos III Health Institute (ISCIII).

## Job description

The postdoctoral researcher will join a highly motivated team committed to advancing high-impact research in precision oncology. Responsibilities include the management of research databases and the integrated analysis of molecular and clinical datasets, supporting the identification of key biomarkers and therapeutic vulnerabilities.

This postdoctoral position is responsible for providing unified scientific support across the group's portfolio of internal research projects and external collaborations, ensuring that scientific deliverables are coherent, prioritized, and decision-ready.

The successful candidate will also contribute significantly to scientific dissemination, including the preparation of manuscripts for peer-reviewed journals, abstracts and presentations for conferences, and internal or external scientific communications.

## Required qualifications

- PhD
- Required specialization: Biomedicine, Translational Medicine or similar.

## Experience and knowledge

- 5 (five) years clinical or translational research experience in breast cancer.
- Proven experience leading multi-partner scientific programs.
- Demonstrated ability to plan and manage multiple projects simultaneously.
- Demonstrated experience in managing large-scale genomic datasets.
- Strong organizational skills using Office or similar tools.
- Effective and professional communicator in English and Spanish.
- Expert level critical review of scientific plans and reports.
- Familiarity with diagnostics development.
- Comfortable and proactive communicator.
- Working knowledge of cancer biology and current research technologies.
- Ability to synthesize information across studies.
- Excellent problem-solving, critical thinking, and analytical skills.
- Ability to work both independently and collaboratively in a fast-paced, interdisciplinary research environment.
- English, Catalan, Spanish.

## IDIBAPS offers

- **Type of contract:** Indefinite contract for scientific-technical activities.
- **Working hours:** Full time (37.5 hours / week).
- **Line of research:** Breast cancer.
- **Project:** Oncologia mèdica i assatjos clínics en càncer de mama RH+/HER2
- **Incorporation into IDIBAPS:** A research centre of excellence in the city of Barcelona. Excellent research results and competitive project grant awards, both national and international.
- Long-life training offered by the institute.
- **Working conditions:** Holiday entitlement of 22 days + 6 days for personal affairs,

flexible working hours and flexible remuneration (health insurance, transport, meal vouchers, training).

- **The chance to form part of a dynamic work environment:** We are a team with a wealth of experience that jointly evaluates ideas and strategies and promotes a healthy work-life balance.

## Applications

- **Presentation letter:** explicitly mentioning the call reference and explaining the candidate's personal reasons for applying.
- **Curriculum Vitae:** including a list of publications, where applicable.
- **Documentation accrediting** the credentials set out and the required qualifications.
- **Obligatory:** the duly signed Authorisation relating to EU Regulation 2016/679 on the protection of personal data (*attached document, page 4*) must be attached to the application.

## Submission and deadline

- Candidates shall submit their applications, indicating the call reference for the position for which they are applying, by email to the address: [FCRBRRHH@recerca.clinic.cat](mailto:FCRBRRHH@recerca.clinic.cat)
- Deadline: From the publication of this call until **March 01, 2026**

The employment contract will be in accordance with the provisions of Legislative Decree 1/1995, of 24 March, approving the text of the Workers' Statute Law, of Law 14/2011, of 1 June, on science, technology and innovation in accordance with the provisions of Art. 2 of Royal Decree 2720/98, of 18 December (BOE of 8 January 1999), Law 12/2001, of 9 July (BOE of 10 July) and concordant provisions.

The principle of equal treatment between men and women fundamental, in accordance with Article 14 of the Spanish Constitution, the European Community Directive of 9 February 1976, and the provisions of the Agreement of the Council of Ministers of 4 March 2005, approving the Plan for Gender Equality in the General State Administration.

The universal accessibility of people with disabilities is fundamental according to section 2 of Article 1 of Law 51/2003, of 2 December, on equal opportunities, and 5% of vacancies are reserved as long as candidates pass the selection processes and accredit their disability and compatibility with the tasks to be carried out, so that we progressively reach 2% of the total workforce.

The gross annual remuneration relating to the position that is the subject of this call will be established based on each candidate's experience and aptitudes.
