

## R2A-Postdoctoral Researcher (G1) at the Molecular Pathology of Lymphoid Neoplasms.

Code: FU-156/2026

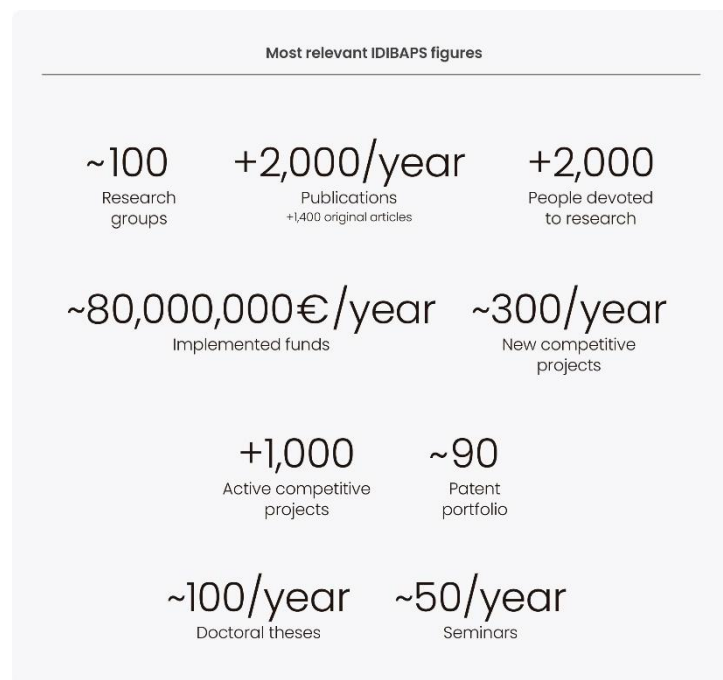

### About the institution

The Barcelona Clinical Research Foundation-August Pi i Sunyer Biomedical Research Institute (IDIBAPS) is a biomedical research centre of excellence, located on the Barcelona Clinic Campus and with a clear international focus.

The IDIBAPS research community includes over 2,000 professionals and a hundred multidisciplinary groups that carry out high-impact translational research aimed at addressing biological and clinical questions relevant to human health, as evidenced by the more than 1,500 original articles published each year that make the institution one of the main biomedical research centres in Spain.

The Clínic Campus offers a high-level research and innovation environment, which includes the Hospital Clínic of Barcelona, a referral hospital committed to care, research and teaching, which covers practically all medical and surgical specialities, plus the University of Barcelona's Faculty of Medicine and Health Sciences. The latter dates from 1843 and is today one of the most prestigious health sciences faculties in Spain and worldwide.

Since 2015, IDIBAPS has had [HR Excellence in Research](#) accreditation from the European Commission. It is a CERCA centre and is accredited as a Health Research Institute by the Carlos III Health Institute (ISCIII).

UNIÓN EUROPEA

## Job description

- She or he will collaborate on protocol optimization for single-cell analyses, conduct bioinformatic analyses, lead downstream interpretations, lead the functional validation of CLL divers, perform spectral flow cytometry analyses, and contribute to the validation of improvements in CAR-T manufacturing.
- In addition, s/he will contribute to mentorship and training of PhD students and master's students.
- The researcher will also be involved in the writing of scientific articles and technical reports, as well as in the presentation of results at national and international congresses.

## Required qualifications

- PhD in biomedicine or related field.
- Master's degree in biomedicine, bioinformatics or a closely related field.

## Experience and knowledge

- Strong background in wet lab work, including molecular biology techniques, cell culture, gene editing, and in vitro and in vivo experiments.
- Experience in next-generation sequencing analyses, including RNA-seq, epigenetic analyses (ATAC, CHIP, etc.) and/or whole-genome/exome sequencing.
- Proven skills in bioinformatics and statistical analysis, including experimental design, data quality control, differential expression analysis, and integration of multi-omics datasets.
- Experience working in R, Python, Linux environments, and relevant bioinformatics tools and pipelines.
- Proven track record in cancer research, supported by peer-reviewed scientific publications, as well as proven expertise in the preparation of scientific manuscripts and technical reports.
- Highly motivated, enthusiastic, and efficient researcher, with creativity, initiative, and a proactive approach to problem-solving.
- At least one year of experience as a postdoctoral researcher
- Authorship of at least two peer-reviewed scientific articles as first author.
- Proficient in written and spoken English.

## IDIBAPS offers

- **Type of contract:** indefinite-term contract for scientific-technical activities.
- **Working hours:** Full time (37.5 hours / week).
- **Line of research:** Genomics and clonal evolution in chronic lymphocytic leukaemia.
- **Project:** Deciphering the life histories of chronic lymphocytic leukaemia to improve clinical outcome.
- **Funder and official project code:** European Commission - 101222226
- **Incorporation into IDIBAPS:** A research centre of excellence in the city of Barcelona. Excellent research results and competitive project grant awards, both national and international.
- Long-life training offered by the institute.

- **Working conditions:** Holiday entitlement of 22 days + 6 days for personal affairs, flexible working hours and flexible remuneration (health insurance, transport, meal vouchers, training).
- **The chance to form part of a dynamic work environment:** We are a team with a wealth of experience that jointly evaluates ideas and strategies and promotes a healthy work-life balance.

## Applications

- **Presentation letter:** explicitly mentioning the call reference and explaining the candidate's personal reasons for applying.
- **Curriculum Vitae:** including a list of publications, where applicable.
- **Documentation accrediting** the credentials set out and the required qualifications.
- **Mandatory:** the duly signed Authorisation relating to EU Regulation 2016/679 on the protection of personal data (*attached document, page 4*) must be attached to the application.

## Submission and deadline

- Candidates shall submit their applications, indicating the call reference for the position for which they are applying, by email to the address: [FCRBRRHH@recerca.clinic.cat](mailto:FCRBRRHH@recerca.clinic.cat)
- **Deadline:** From the publication of this call until **May 24, 2026**

The employment contract will be in accordance with the provisions of Legislative Decree 1/1995, of March 24<sup>th</sup>, approving the text of the Workers' Statute Law, of Law 14/2011, of June 1<sup>st</sup>, on science, technology and innovation in accordance with the provisions of Art. 2 of Royal Decree 2720/98, of December 18<sup>th</sup> (BOE of 8 January 1999), Law 12/2001, of July 9<sup>th</sup> (BOE of 10 July) and concordant provisions.

The principle of equal treatment between men and women fundamental, in accordance with Article 14 of the Spanish Constitution, the European Community Directive of February 9, 1976, and the provisions of the Agreement of the Council of Ministers of March 4, 2005, approving the Plan for Gender Equality in the General State Administration.

The universal accessibility of people with disabilities is fundamental according to section 2 of Article 1 of Law 51/2003, of December 2<sup>nd</sup>, on equal opportunities, and 5% of vacancies are reserved as long as candidates pass the selection processes and accredit their disability and compatibility with the tasks to be carried out, so that we progressively reach 2% of the total workforce.

The gross annual remuneration relating to the position that is the subject of this call will be established based on each candidate's experience and aptitudes.
