About IDIBAPS

The **Institut d'Investigacions Biomèdiques August Pi i Sunyer (IDIBAPS)** is a biomedical research institute of excellence. It combines clinical and basic research to accelerate the translation of knowledge to the benefit of the patients.

Founded in 1996, it is a public consortium formed by the Generalitat de Catalunya, Hospital Clínic de Barcelona, Faculty of Medicine and Health Sciences of the Universitat de Barcelona and, as an associated center, the CSIC's Barcelona Biomedical Research Institute.

The research activities of IDIBAPS are structured into 5 areas. Additionally, 3 transversal groups perform research in "primary care", "nursing" and "pharmacology and clinical trials".

About FUNDACIÓ CLÍNIC

The **Fundació Clínic per a la Recerca Biomèdica (FCRB)** is a non-profit foundation, covered by the law of patronage, that provides researchers from IDIBAPS and Hospital Clínic of Barcelona, with overall administrative and management support.

Founded in 1989, it also works to attract resources for research and, through the Aula Clínic and Eixample Clínic platforms, it promotes and disseminates continuous training in health sciences.

Aula Clínic courses

263

January

- IDIBAPS has two new research groups: Microenvironment in pathogenesis and treatment of lymphoma, led by Patricia Pérez-Galán, and Functional characterization of oncogenic mechanisms in lymphoid neoplasms, led by Virginia Amador.

March

- IDIBAPS incorporates seven clinical scientists, thanks to the Bitrecs program.

May

- Participation success at the IDIBAPS open day and science festival .

June

- Josep Dalmau awarded the 2019 Lilly Foundation prize for Clinical Biomedical Research.
- IDIBAPS celebrates its first PhD Day.

July

- IDIBAPS initiates the campaign "Female talent: women scientists speak".
- The new joint IDIBAPS-Fundació Clínic-Hospital Clínic website goes into operation.

September

- IDIBAPS re-accredited as a health care research institute by the Carlos III Institute of Health.
- Ninety boys and girls become little great scientists at the IDIBAPS summer camp.

October

- IDIBAPS signs onto the Letter of Commitment for gender equality in research centers.

November

- Eleven researchers from Hospital Clínic-IDIBAPS and Universitat de Barcelona in the ranking among the best in the world.
- IDIBAPS hosts 'Generació Ciència': 250 high-school students become researchers for a day.
